

Mrs. Sheets Third Grade Blizzard Bag

Day 1

Reading

Think about a story you have read. On a piece of paper, write the following things:

Title-

Author-

Setting-

Main Characters-

Plot-

Main Idea-

Grammar

Write five sentences using at least one plural possessive noun in each. Remember, a plural possessive noun is more than one person, place, or thing that has ownership of something.

Spelling

Write the following spelling words in ABC order:

squeak

watch

squid

library

thrill

establish

English

earthquake

nephew

innocent

Math

Write the following problems and find the answer:

$$365+456=$$

$$298+143=$$

654-216=

790-399=

900-598=

290+199=

100+910=

Science

Write three things you know about a mammal. Write three things you know about a reptile.
Write three things you know about an amphibian.

History

Write 5 states in the U.S., and name 2 Rivers in the U.S.

Day 2

Reading

Write a 2 paragraph story about a forest. Write down what the author's (your) purpose for writing it is. Would it be to inform, persuade, entertain, or express feelings?

Grammar

Tell a family member what a noun is, what a verb is, what a singular noun is, what a plural noun is, what a common noun is, and what a proper noun is.

Spelling

Write each of these spelling words in a sentence:

challenge, northern, establish, hyphen, strategy, emphasis

Math

Look at each clock in your whole house at different times. Write down the times you see. This will help you learn to tell time a little better on different kinds of clocks.

Science

Name 2 parts of a plant. Write how plants make food. Write down what a plant needs to be able to grow.

History

Write 5 facts you know about any of our previous presidents.

Day 3

Reading

Read a book for 15 minutes.

Grammar

Write a declarative sentence (a statement), an exclamatory sentence (shows strong feeling), an interrogative sentence (a question), and an imperative sentence (gives a command).

Spelling

Have a family member ask you how to spell 10 different words, and you spell each of the words to them.

Math

Tell a family member the answers to the following problems:

$3 \times 1 =$

$2 \times 3 =$

$4 \times 2 =$

$4 \times 5 =$

$2 \times 2 =$

$3 \times 3 =$

$1 \times 0 =$

$5 \times 5 =$

$4 \times 4 =$

$3 \times 3 =$

Science

Name 3 planets and one fact about each.

History

Write about who the Separatists are, and why they came to America. Write about the ship they came on, and what they might have ate on that ship.
