

Mrs. Stollings/Moss

Blizzard bag activities

Lesson Activity #1 Go through your favorite book or magazine and find all the letters of your name. After you find them, practice writing your name 3 times. Remember to only use your pincher fingers and one helper finger. Put your paper in your back pack to bring back to school, so we can see what an awesome job you did! Now enjoy your snow day!

Lesson Activity #2 Walk through your house and find 5 green things, 5 red things, 5 blue things. Have your helper write the names of the items down and bring your paper with you to school. We can talk about what we found with our friends. Go build a snowman for fun! (You should name him Olaf) ☺

Lesson Activity #3 We need to show our family how to count to 20! Can you teach them our song?? If you have you tube, you can watch our video. It's called "Let's count to 20 for kids" by Dream English Kids. If you can't watch the video, I bet you can sing it on your own. Now, during a snack or meal, count something on your plate... Can you eat 20 green beans?? Or chew your hot dog 20 times? Whatever you count, be sure to write it down for me. Enjoy your family today!! Maybe you could give out 20 hugs?
