****NATIONAL DAY OF SERVICE PROJECT AND CAMPOUT****

According to statistics 44.9 Million people went hiking in 2017. This means that in 2017 44.9 million people were taking in God's beautiful creation. All the wonder and mystery of God's beautiful world is out there and we are working to make it more enjoyable for the people that hike through Scioto Trails!

On Friday September 20th 2019 we set out on our adventure! We arrived at Scioto Trails! Getting together with our friends, playing games and setting up tents was quite the adventure. Building a campfire, roasting marshmallows and cooking hotdogs while telling crazy campfire stories we prepared for a night in God's nature creation. When the moon was out, we ventured through the night woods! We were brave! We were fearless (mostly)! We were so excited to be spending time to together while serving others at the same time! Doughnuts for breakfast and the rain on its way, we prepared for our trail clearing service project! We spent quality time together clearing the trails for fellow hikers. Moving branches, clearing leaves, twigs and using our teamwork with our God-given strength to move logs. We laughed and bonded even in the rain!
